In Lakshminayakkan Patti of Theni district of Tamilnadu we are running a senior citizen home for elders with the huge support of Ministry of Social justice and empowerment (MSJ&E) and more than 25 elders getting healthy food, safe shelter, good counseling, medical support, and care. Healthy Food for the elders.

Every day we are giving healthy food to elders as per our doctor's advice. Every day we are giving food like idly, chapatti, rice, and for three times and snacks, tea or coffee for two times. Weekly once we are giving non vegetarian foods chicken, fish, egg, also.

We have given safe shelter to every elder. Steel cots and beds with pillows, dining tables, and chairs are available for the elders. Adequate numbers of utensils are also available for elders.

Safe drinking water

We provide reverse osmosis system water to elders for drinking and Food preparation. Unpurified water causes diseases like kidney failure, cholera and jaundice. So we ensure for the purified water for everyone.

Medical Care

Our part time doctor visits our home frequently and monitors the health condition of elders and takes care of everyone. Doctor's gives Advice to elders to do simple exercises and walking for a healthy life and to extend their life span.

Recreation activities

Every day we issue news paper to elders to know the daily events. Weekly magazines also given to them to know about the political issues and current events. We are also given color television facility to elders to watch news, cinemas, dramas, and cultural events.

Pneumonia vaccination program

Health department of Government of Tamilnadu pneumonia Vaccination Program is implemented to our home elders and Vaccinated. Pneumonia is a kind of fever affecting all age group And particularly affects elders. Pneumonia vaccinations preventing them from such disease. Our elder's home thanks government for this activity.

Leadership Training for women

Women development programs

We are doing our best for the development of women, to improve their status, and assisting in overall development. We are providing various trainings to women to live without any other persons support. We are giving motivational trainings to improve the quality of women by experts. We prepare them to live on their own legs and being independent to get economic freedom.

By this kind of trainings are helping women to maintain their family without any trouble. If a women to maintain their family without any Trouble. If a women get the education the entire family will get Education,

She will give education to her family and make them as persons with sufficient awareness. Giving trainings to self help group members to Start small business like garment making, coir making, book binding Flex printing, soap making, phenyl manufacturing, wax candle Manufacturing, by experts and videos from the web.

Cell phone repair service training

Today every people use cell phone generously. Even a poor or rich, educated or uneducated, old or young, men or women, girl or boy uses mobile phone. In such case the mobile phones getting repair in same times. Today the cell phone service is an essential one in for everyone. We are providing training to educated men and women to repair the mobiles themselves with the help of electronic service experts.

Preventive health care program

Prevention is better than cure is a famous proverb. As per that one we are giving awareness to prevent so many diseases. Today our government is trying to improve the hygiene of people by building toilets in villages. Swatch bharath mission is trying to improve the hygienic conditions of villages. We are also giving importance to improve the hygienic conditions of rural people. By trainings we are giving awareness to rural people, how to prevent diseases like

cholera, typhoid, malaria, dengue, and epidemic diseases. Experts giving training to participants and promoting hygienic behaviors like using toilets, washing hands, wearing neat and washed dress. Such trainings are useful for them and giving meaningful result.

HIV AIDS awareness program

Acquired immune deficiency syndrome is called as AIDS. This disease is affecting the entire world. It affects the all age group of people. We are giving training to adolescent age to elders about this disease. In which ways this disease spreads and how to prevent them from this disease. We are giving demo to participants how to use condoms and how it is prevents sexual transmitted diseases like coneria, syphilis etc. In our training programs many truck drivers and lorry drivers participating and getting awareness about this disease and preventing themselves from AIDS.

Elders' awareness program

Ageing is a common phenomenon for all. No one can escape from aging. Elders are also having the right to live a meaningful life. But the society is not giving such kind of opportunity to elders to live a meaningful life. Many people neglecting their needs and not caring them. In old age many elders are abandoned by their family and cheating them and occupying their properties and leaving them alone. By our elder awareness program, many elders getting awareness and preventing them from such cheating persons and saving their properties.

Conclusion

By your valuable support we are providing good service to the society. Without your support we can't reach the goal. We thank the state, central government departments, youth welfare associations, officials, donors, public, and everyone.
